

Engineering Intern

Since 1921, First District Association has been a grassroots, member-owned dairy cooperative located in Litchfield, Minnesota. Every day we focus on creating a sustainable market for dairy products and allow our family farms to prosper in the time-honored Midwest dairy traditions.

First District Association is searching for a driven, self-starting, creative individual to assist in our company's engineering efforts. He/she will have the opportunity to create and assist with ongoing/future capital projects and mass balance studies of utilities and processes. The individual will assist in other special projects while collaborating with a variety of the operations team members.

Key Responsibilities:

- Research, document and create mass balance study for compressed air, water, steam, refrigeration, and wastewater systems.
- Follow safe work practices and comply with safety and food safety rules and guidelines.
- Familiarity with AutoCAD, and symbols for P&IDs and Loop Sheets used to document the manufacturing process equipment, piping, and instrumentation.
- Engineering Intern may draw or work with Engineers to draw new or revise existing documentation.
- Work with maintenance, electricians, and other contractors to complete small to large scope projects.
- Assist with planning and organizing capital projects.
- Research and document energy saving opportunities.
- Other duties as assigned.

Minimum Qualifications:

- At least one year post H.S., pursuing a career in an engineering related field.
- Strong oral and written communication skills.
- Ability to manage multiple priorities at the same time and strong organization skills.
- Microsoft Projects, Microsoft Excel & Auto CAD experience.

The engineering team is located at our Litchfield, MN location. The position will average 40 hours a week during June, July and August 2027. This is an hourly paid position.

Please submit your resume, cover letter, and two references to C2@firstdistrict.com by November 1, 2026, to be considered. Interviews will be conducted after application deadline.
